

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Midwest Brass Forging Co.  
DOCKET NO.: 04-21720.001-I-1 thru 04-21720.005-I-1  
PARCEL NO.: 12-21-325-001-0000 thru 12-21-325-005-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Midwest Brass Forging Co., the appellant, by attorney Dennis M. Nolan of Bartlett and the Cook County Board of Review (board).

The subject property consists of a 30-year-old one-story industrial/warehouse complex containing approximately 12,200 square feet of building area on a 16,950 square foot parcel and located in Leyden Township, Cook County.

The appellant, through counsel, appeared before the PTAB and submitted evidence claiming that the subject's market value is not accurately reflected in its assessment. This evidence was timely filed by the appellant pursuant to the Official Rules of the Property Tax Appeal Board.

In support of this argument the appellant submitted an appraisal dated January 1, 2004 containing the three approaches to value and arriving at a market value of \$330,000. The appraiser was not present to testify. In the cost approach the appraiser estimated the land value to be \$80,000 and the depreciated value of the building improvements to be \$265,000 or a rounded total of \$345,000 for the cost approach.

In the sales approach the appraiser used four sales of industrial buildings of similar age and ranging in size from 10,000 to 12,720 square feet that occurred between March 2001 and September 2003 for prices ranging from \$23.58 to \$27.00 per square foot and after appropriate adjustments arrived at a value of \$27.00 per square foot or a rounded value of \$330,000 via the sales comparison approach.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO.	PROPERTY NO.	LAND	IMPR.	TOTAL
04-21720.001-I-1	12-21-325-001	\$4,784	\$15,227	\$20,011
04-21720.002-I-1	12-21-325-002	\$5,976	\$21,792	\$27,768
04-21720.003-I-1	12-21-325-003	\$6,073	\$22,342	\$28,415
04-21720.004-I-1	12-21-325-004	\$6,073	\$15,505	\$21,578
04-21720.005-I-1	12-21-325-005	\$6,073	\$14,955	\$21,028

Subject only to the State multiplier as applicable.

PTAB/TMcG.

In the income approach the appraiser employed several comparable rentals, research and interviews and considered \$2.50 per square foot to be an appropriate rental rate for the subject. After considering vacancy loss & comparable expenses the appraiser arrived at a net operating income of \$30,500. Research yielded a capitalization rate of 9.2%. Capitalizing the net operating income of \$30,500 resulted in a rounded income approach of \$330,000. The appraiser gave the sales comparison approach the most weight resulting in a final value of \$330,000.

Based upon this evidence, the appellant requested a reduction in the subject's total assessment to reflect the reduced market value.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property. The PTAB finds because they are defaulted the board has no standing at this hearing.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. *Property Tax Appeal Board Rule 1910.63(e)*. Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. *Property Tax Appeal Board Rule 1910.65(c)*.

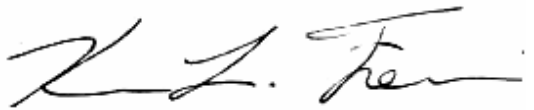

The PTAB finds that the appellant has met this burden and has submitted the best evidence of market value. The appellant's appraisal indicates that the subject property was valued at \$330,000. Since the market value of the subject has been established, the Cook County Class 5b property assessment of 36% will apply. The subject's total assessment should not be in excess of \$118,800, while the subject's current total assessment is at \$164,697.

As a result of this analysis, the PTAB finds that the appellant has adequately demonstrated that the subject property was overvalued and that a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
